### By boat (vaporetto)

When you get off the *vaporetto* at San Tomà, walk straight ahead down "Calle del Traghetto Vecchio" until you get to a dead end. Turn left into "Calle della Campanile detta Civran" until it takes you over a bridge "Ponte della Frescada". Then, turn right along the canal walk to the end of "Fondamenta della Frescada" where you turn left into the narrow "Calle della Frescada". At the first opportunity turn right into "Calle della Crosera" and then take the first left into "Calle Larga Foscari". The entrance to Ca' Dolfin will be on your right, the last doorway before the bridge (n° 3859) which leads you into a courtyard.
